

SPLWM Series Splice Wallmount Enclosures

These compact fiber splice enclosures are ideal for wall mounting indoors.

The rear-hinged, 16 gauge steel, pad lockable door provides quick access to the enclosure interior.

The riser cable entrance slot accommodates most OSP cables (Outer Diameters up to .71") and makes it easy to mount cable where riser cables already exist.

Slack storage space behind the splice trays provides simple cable re-entry and access.

SPLWM-1

Part Number: SPLWM-1

Dimensions: 9.0"x14.0"x3.4" (HxWxD)

Capacity: 4 - 4"x6", 2 - 4"x7", or 3 - 4"x8" splice trays

Single Fusion Splicing: 72 fibers

Mass Fusion Splicing: 216 fibers

Cable Entry: 8 openings (four 0.75" and four 1.00")

SPLWM-2

Part Number: SPLWM-2

Dimensions: 16.0"x15.0"x3.4" (HxWxD)

Capacity: 4 - 4"x6", 2 - 4"x7", or 3 - 4"x8" splice trays

Single Fusion Splicing: 72 fibers

Mass Fusion Splicing: 216 fibers

Cable Entry: 8 openings (four 1.00" and four 1.25")

SPLWM-3

Part Number: SPLWM-3

Dimensions: 16.0"x15.0"x6.2" (HxWxD)

Capacity: 7 - 4"x6", 4 - 4"x7", or 6 - 4"x8" splice trays

Single Fusion Splicing: 144 fibers

Mass Fusion Splicing: 432 fibers

Cable Entry: 12 openings (four 1.00" and eight 1.25")

SPLWM Series Splice Wallmount Enclosures

Features

- Spacious splice only wallmount enclosure allows for ample cable slack
- Multiple cable entry ports support a wide variety of cable diameters
- Easy to access and re-enter the enclosure
- Attached padlock hasp and lock kit option provides enhanced security

Accessories

Small Compression Fitting (For SPLWM-1, SPLWM-2, SPLWM-3) Supports Cable O.D.: 0.200"-0.525" (P/N: CF-SM)

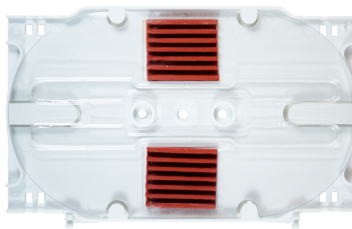

Medium Compression Fitting (For SPLWM-2, SPLWM-3) Supports Cable O.D.: 0.15"-0.70" (P/N: CF-MD)

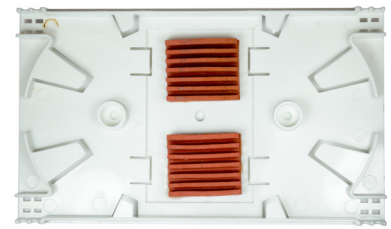

Lock Kit
P/N: AWM-LOCK-KIT

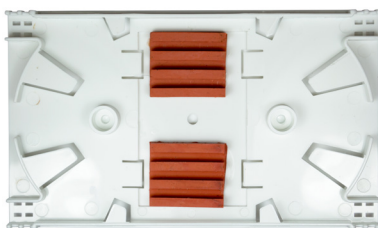

Grounding and Bonding Kit
P/N: AWMGB-KIT
